

539-2-.04 Course Examinations. Amended.

(3) Schools shall maintain at least four forms of a final examination for each course and shall provide the Board with reasonable assurances that Board approved examinations are secure from distribution to students except upon administration of an examination and that the school will follow such instructions as the Board may prescribe covering the administration, storage, and disposition of any Board approved examinations that it receives. The Board may impose any disciplinary action permitted by law on the approval of any school which fails to provide proper security for Board approved examinations.
